ECONOMIC EMPOWERMENT

We envision a generation of wounded warriors who are economically empowered. They are not unemployed or underemployed, and have opportunities to pursue a meaningful career or own their own business. WWP offers higher education programs, information technology training, and employment assistance to encourage economic empowerment for warriors to provide long-term financial stability for themselves and their families.

BODY

We envision a generation of wounded warriors well-adjusted in body, receiving the care they need to maximize rehabilitation and live active and healthy lives. Through adaptive sports, health, nutrition, and recreational activities, WWP helps warriors achieve independence and pursue an excellent quality of life.

MIND

We envision a generation of wounded warriors well-adjusted in mind, receiving support to overcome the challenges in readjustment. Through interactive combat stress programs, outdoor rehabilitative retreats, peer support, and professional services, warriors are given the tools to maintain healthy, meaningful relationships with family and friends, and pursue life goals without the barriers or stigmas associated with mental health issues.

ENGAGEMENT

WWP is here to ensure injured service members stay connected with one another. WWP has both a Peer Mentoring and robust Alumni program. Additionally, the policy and government affairs program ensures injured warriors and their families have a voice in local and national advocacy and legislative issues.

YOUR SUPPORT.
OUR PROGRAMS.

Thanks to the generous donations of private citizens, organizations, and corporations, Wounded Warrior Project is able to offer programs that ease warriors' transitions to civilian life. This support is complemented by local and national events hosted for Wounded Warrior Project by volunteers and organizations nationwide.

Your support is what funds these programs. Together, we can ensure this generation is the most successful, well-adjusted generation of wounded warriors in our nation's history.

Helping Wounded Warriors
Find Their Way Home

FOR WOUNDED WARRIORS RETURNING FROM ACTIVE DUTY AROUND THE WORLD, THE MOST DIFFICULT PART OF HOMECOMING IS ADAPTING TO THE DAILY CHALLENGES OF EVERYDAY LIFE. THE WOUNDED WARRIOR PROJECT® WAS ESTABLISHED TO PROVIDE TANGIBLE, PRACTICAL SUPPORT FOR THE WOUNDED – HELPING THEM TO HEAL BOTH PHYSICALLY AND MENTALLY.

“That’s basically what WWP’s about. It’s just like the symbol, somebody carrying someone else. At one point, we were carried, and now it’s our turn to carry someone.”

From educational opportunities to employment assistance programs, wounded warriors are offered access to a range of valuable services.
